## Mr. Hunt's Reading Extravaganza Challenge # 30 :

### Architecture Books

### For The Young Designer/Builder of Buildings

**Special Note:** often non-fiction readers will browse and read smaller sections of greater interest rather than reading from cover to cover as they would with fiction; that is okay; some the bigger, longer, harder-to-read books are on this list more for their inspiring beauty...to be savoured in bits and chunks, if you wish, rather than devoured whole (or, read every single word if you wish).

\*To complete this challenge you may want to get books from the public library as well as the school library...multiple kids may be working on these books and we don't always have multiple copies.

**YOU CAN READ THE BOOKS IN ANY ORDER**...you don't have to start at #1 and go down...

***If you complete this challenge, and get this form fully filled in, and get your parent/guardian's signature, you will be able to come the Library to choose one free REWARD BOOK to keep for your own collection.***

Students are allowed and encouraged to work on more than one Challenge...keep on reading!

**Please Note:** the books on this list are in no particular order...just great books that I wrote down as they popped into my head...

**Hot Tip:** if you like any particular book on this list, then do an author/subject search on a library database—there will be more fabulous books...

**DON'T FORGET TO GET...**
